FYI -

Next week, the State Board begins a series of workshops geared to their upcoming review of the BD WQCP (i.e. the X2 std). Thought you might be interested in some of the speakers - this will be webcast Wed and Thurs.

For example, Mike Connor is speaking Thursday at 9:00 on nutrient loadings/Suisun Bay. Erin and Bruce are on panels Wed am.

There will no doubt be the typical "positioning" but there will be good science in there as well.
